Important Correspondence.

LETTERS BETWEEN GENERALS ROSECRANZ AND R. E. LEE.

WASHINGTON, Sept. 4.—The correspondence between General Rosecranz and Gen. Robert E. Lee will be published to-morrow.

General Rosecranz commences his letter as follows: "Full of solicitude for the future of our country, I come with my heart in my hand to learn the condition, wishes, and intentions of the people of the Southern States, and especially to obtain the sentiments of that body of brave, energetic, and self sacrificing men who, after sustaining the Confederacy for four years, laid down their arms and swore allegiance to the United States, whose trusted and beloved leader you have been." Gen. Rosecranz's letter is quite long. The following is

GENERAL LEE'S REPLY.

WHITE SULPHUR SPRINGS, }
WEST VIRGINIA, Aug. 26, 1868. }

General.—I have had the honor to receive your letter of this date, and in accordance with your suggestions I have conferred with a number of gentlemen from the South, in whose judgment I have confided, and who are well acquainted with the public sentiment of their respective States. They have kindly consented to unite with me in replying to your communication, and their names will be found, with my own, appended to this answer. With this explanation we proceed to give you a candid statement of what we believe to be the sentiment of the Southern people in regard to the subject to which you refer.

Whatever opinions may have prevailed in the past in regard to African slavery or the right of a State to secede from the Union, we believe we express the almost unanimous judgment of the Southern people when we declare that they consider that these questions were decided by the war, and that it is their intention in good faith to abide by that decision.

At the close of the war the Southern people laid down their arms and sought to resume their former relations with the United States Government. Through their State Conventions they abolished slavery and annulled their ordinances of secession, and they returned to their peaceful pursuits with a sincere purpose to fulfil all their duties under the Constitution of the United States which they had sworn to protect.—If their action in these particulars had been met in a spirit of frankness and cordiality, we believe that ere this old irritations would have passed away, and the wounds inflicted by the war would have been, in a great measure, healed. As far as we are advised the people of the South entertain no unfriendly feeling towards the Government of the United States; but they complain that their rights under the Constitution are withheld from them in the administration thereof.

The idea that the Southern people are hostile to the negroes, and would oppress them if it were in their power to do so, is entirely unfounded. They have grown up in our midst, and we have been accustomed from childhood to look upon them with kindness. The change in the relations of the two races has wrought no change in our feeling towards them. They still constitute the important part of our laboring population. Without their labor the lands of the South would be comparatively unproductive. Without the employment which Southern agriculture affords they would be destitute of the means of subsistence, and become paupers, dependent on public bounty. Self-interest, even if there were no higher motive, would, therefore, prompt the whites of the South to extend to the negroes care and protection. The important fact that the two races are, under existing circumstances, necessary to each other, is gradually becoming apparent to both, and we believe that but for the influences exerted to stir up the passions of the negroes, the relations of the two races would soon adjust themselves on a basis of mutual kindness and advantage.

It is true that the people of the South, together with the people of the North and West, are, for obvious reasons, opposed to any system of laws which will place the political power of the country in the hands of the negro race. But this opposition springs from no feeling of enmity, but from a deep-seated conviction that at present the negroes have neither the intelligence nor other qualifications which are necessary to make them safe depositories of political power. They would inevitably become the victims of demagogues who, for selfish purposes, would mislead them, to the serious injury of the public.

The great want of the South is peace.—The people earnestly desire tranquility and the restoration of the Union. They deprecate disorder and excitement as the most serious obstacles to their prosperity. They ask a restoration of their rights under the Constitution. They desire relief from oppressive misrule. Above all, they would appeal to their countrymen for the re establishment in the Southern States of that which has justly been regarded as the birthright of every American—the right of self government. Establish these on a firm basis, and we can safely promise on behalf of the Southern people that they will faithfully obey the Constitution and laws of the United States, treat the negro with kindness and humanity, and fulfil every duty incumbent on peaceful citizens loyal to the Constitution of their country.

We believe the above contains a succinct reply to the general topics embraced in your letter, and we venture to say on behalf of the Southern people and of the officers and soldiers of the late Confederate army that they will concur in all the sentiments which we have expressed.

Appreciating the patriotic motives which have prompted your letter, and reciprocating your expressions of kind regard, we have the honor to be,

Very respectfully and truly,

NATIONAL DEMOCRATIC TICKET!

FOR PRESIDENT,

HON. HORATIO SEYMOUR,

OF NEW YORK.

FOR VICE PRESIDENT,

GEN. FRANK P. BLAIR,

OF MISSOURI.

ELECTORAL TICKET.

FOR THE STATE AT LARGE.

HON. JAMES W. OSBORNE, OF MECKLENBURG.
JOSEPH J. DAVIS, OF FRANKLIN.

DISTRICTS.

1st—THOMAS J. JARVIS, OF TYRRELL.
2nd—JNO. HUGHES, OF CRAVEN.
3rd—.....
4th—.....
5th—.....
6th—W. M. ROBBINS, OF ROWAN.
7th—I. M. McAFEE, OF CLEAVELAND.

Resolved, That we approve of the platform of principles adopted by the National Democratic Convention. It falters in no double sense—its language is explicit and the meaning clear—the issues presented to the country are plainly and unmistakably defined, and, with a free and fair election, we confidently believe they will be endorsed by a large majority of the people—and with that endorsement must come such a change in the administration of the National Government as will restore the Constitution and give peace, harmony and prosperity to the country, and especially to the down-trodden States of the South.

Resolved, That it is our earnest desire and intention to bring about these wholesome and necessary changes by the peaceful means of the ballot-box—and all efforts to produce a contrary belief, coming from what quarter they may, are but the tricks of interested partizans of a desperate political faction, bent upon perpetuating its power by any means and at all hazards. They are attempting to alarm the people of this State by the false cry of revolution and war, threatening them at the same time with military force; while, in other States of the South, they have not hesitated to take from the people the election of electors of President and Vice President, and to confer it upon Legislatures, the members of which were elected under military rule without freedom of choice and with no regard to the question of the Presidency, in order to secure the electoral votes of such States for the Radical candidates, in disregard and defiance of the just rights of the people of such states, and of the whole country.

Resolved, That it is our frank purpose now, and has been since the close of our late civil war, to accept and abide by, in good faith and without disturbance, the legitimate fruits and consequences of that war; to yield to the Government of the United States a cheerful submission and allegiance, and to perform all the obligations of good citizens to their rightful Government. And we do proclaim that, in asking recognition on terms of equality in that grand copartnership of States which constitutes our Federal Union, we do so with no hostile intent; on the contrary, we wish to share its benefits and its duties; to rebuild our waste places under the protection of its flag; to re-establish the old era of good feeling in our common country; to thwart the designs of unpatriotic men everywhere, who seek to perpetuate discord and division; and to participate in the blessings, as well as the burdens, of the government.—*Resolutions adopted by the State Democratic Convention of North Carolina, Aug. 14, 1868.*

THE PROSPECT.

In round numbers, the vote at the last election in the State was about as follows:

Radical vote	95,000
Conservative, upwards of	75,000
Majority less than	20,000

At the time of that election, there were registered, and did not vote, at least 29,000 enfranchised voters, nearly *all* of whom, had they voted, would have voted the Conservative ticket. The Radicals voted, to a man. Besides this, between 10,000 and 20,000 voters are now enfranchised under the new Constitution, who could not vote before. Nearly *all* of these will go for Seymour and Blair. And, further than this, thousands of men of the State voted for the Constitution, and with the Radicals, before, because they thought it necessary to do so, "in order to get back in the Union," who are, in reality, as far from embracing the infamous measures of that party as we are.

In view of these facts and figures, and of the tremendous awakening of our people, we predict, with entire confidence, that North Carolina *is safe* for the National Democratic Nominees!

JUDGE PEARSON'S LETTER.—The public mind seems to have determined that the letter of Judge Pearson has already elicited far more attention than its intrinsic merits demand. This is strictly true. But the position and character of the Judge attach to his opinions and course an importance, which his views as a politician are not entitled to. On this account, many, especially of the legal profession, desire to notice his letter. We have on hand several articles, all of which it will be impossible to publish. The age and reputation of "Roanoke" entitle his article to a place in our columns, to day. It is short, but it is to the point. A long and elaborate article, just received, will be given to our readers, as soon as it can be done, having due regard to other subjects.

THE SIXTH DISTRICT.—The *Old North State* says that no tears need be entertained of the result in this District. It affirms that Mr. Boyden will not only be defeated by Mr. Sholer, but that we will make large gains over our vote in the late election.

THE WILSON *Paindealer* teems with accounts of Barbecues, Mass Meetings and Processions in every portion of the county, showing the same gratifying state of feeling, which is rapidly spreading throughout the entire State.

HON. NAT. BOYDEN.

Mr. Boyden was in this City, on Saturday last. We did not have any conversation with him, but learn that his object was to secure the publication of a circular for general circulation in his District, announcing himself a candidate for Congress, and the insertion of a card in the *Standard*, which is to appear soon in that paper.

It has been generally rumored that Mr. Boyden would declare himself as an independent candidate. The identification of Mr. Boyden with the *Standard*, and his support of Grant and Colfax, in preference to Seymour and Blair, fix, unmistakably, his loalty to and future affiliation with the Radical party. Conservative men, of all shades of opinion, therefore, will have no difficulty in determining their course in regard to him.

We old men are too apt to deceive ourselves with the idea, that we are so *important* to society and to our old friends, that they cannot do without us—that what ever course we take, our old friends are obliged to hold on to us. This we have found to be a peculiarity of *old age*. It becomes a *weakness* with us, and if we are late in finding it out, it is apt to "trip our heels," before we are aware of it.

The Constitution and the country are older than any of us, and the people have found out that no one man, nor a hundred, nor a thousand men, are *essential* to them. Whoever stands in the way of the restoration and preservation of the Constitution and the government must get aside, or be swept away by the patriotic fervor of the people, in their determination to take care of the *Government*. *Gen. Grant* and *Mr. Colfax* are the representatives of the party in the country, whose purpose it is, it the people will allow it, to overthrow the Constitution and the government and trample them in the dust. There cannot be a doubt of this. On the other hand, it is absolutely certain, that *Seymour* and *Blair* are the chosen representatives of that conservative force, now stirring the hearts of the Democratic masses throughout the country, to preserve and perpetuate the glorious Constitution and Union, and save the Republic from the grasp of the spoilers.

If such old men as Judge Pearson, Judge Reade, Mr. Boyden, Mr. Bynum, and others, choose to put themselves in antagonism to this Conservative element, whatever may have been the confidence and regard in which they have been hitherto held, they must expect to be overwhelmed and swept away by the patriotic masses now rallying to the banner of Seymour and Blair.

In the language of the intrepid Jackson, the rallying-cry of the Democratic masses is, *"The Union—it must and shall be preserved."* The Constitution is the sheet anchor of the Union and the palladium of civil liberty.—It can only be destroyed, when the people forget the principles, the toil, the sacrifices, and the blood of the fathers of the revolution, and follow the lead of old or young men, who long for the fleshpots of Egypt, and will barter the certainties of deliverance from bondage, which lie over in the promised land, rather than endure the manna and the quails a little longer!

Our information is, that Mr. Boyden's defection from the cause of true conservatism will not, for a moment, cause the sturdy and tried men of the sixth Congressional District to hesitate or stagger. They are determined to vote for Seymour and Blair. Many of them would have been glad if Mr. Boyden and Judge Pearson had gone with them, as in other days, but, if they make choice of the new, reckless, anti constitutional, anti Union party, the people will not follow them. They are rallying to their gallant nominees, Shober and Robbins, and a majority for them in the 6th District, we hear, is a foregone conclusion. Let the Democrats and Conservatives of that District forget all minor matters and look to the calls of patriotism and the country. Remember that Grant and Colfax lead the spoils party, the party whose leaders are determined to throttle the Constitution and the Union, for the sake of plunder and power; while Seymour and Blair lead the party of the people,—the party of the Constitution and the Union—the party opposed to war, opposed to military rule, opposed to the election of military chieftains to civil rule, where they are incompetent,—and the party which is pledged to an economical administration of the Government, and the restoration of our currency to a sound basis! Huzza for Shober and Robbins!

THERE WERE brave and patriotic men in Massachusetts in the olden time. In a reply to a proposition of the Crown—by which they deemed that an insidious encroachment was designed upon their ancient rights—(nearly two centuries ago,) the Deputies spoke these noble words: "The civil liberties of New England are part of the inheritance of their fathers; and shall we give that inheritance away? It is objected that we shall be exposed to greater sufferings? Better suffer than sin. It is better to trust the God of our fathers, than to feel confidence in princes. If we suffer * * * we suffer in a good cause, and shall be accounted martyrs in the next generation, and at the great day! The Deputies consent not, but adhere to their bills." Oh! that the old Bay State could have a little patience with others, who have the same feeling to-day! A sentiment so noble would burst the contracted heart of Charles Sumner into flinders and scatter Beast Butler's pent up spite—and spoons—in awful explosion. Would those grand old "Deputies of Massachusetts," think you, have accepted the Howard amendment, when left to their choice? Would *they* have sung hallelujahs over such *reconstruction* as now degrades our people? Would they have whined sentimentally about "going home?" and to *such a* home! Never! never!—"Better suffer than sin" was their noble utterance, under evils, and apprehensions of evil, infinitely less than ours.

MOREHEAD CITY has not a solitary white Radical voter in it. No wonder, it is a healthy place.

MATTERS IN GEORGIA.

A correspondent of the New York *Herald*, writing from Atlanta, Ga., gives the following particulars of the action of the Georgia Legislature, in the matter of the exclusion of the negro members:

"Within the past three or four days, there has been considerable excitement among the negroes over the movement in the Legislature to turn out colored members. This is also another cause of injury to the radicals. The negroes do not blame the democrats, who are voting in favor of declaring those of their color ineligible to office, because these never, at any time, pretended even to favor it. During the recent gubernatorial canvass the negroes were told by Democratic speakers that their party would never favor universal negro suffrage, nor would it ever consent for negroes to legislate for the white property holders of the State. They, therefore, have not a word of reproach for the Conservatives. But it is the white carpet-baggers and scalawags, headed by Joseph E. Brown, against whom they are hurling the heaviest kinds of curses. Without their help the Democratic members had no power to turn out colored members; but the fact that one hundred and two votes were cast in favor of preventing these men from voting on the question of their own ineligibility shows plainly that over one-half of the white Republicans had treacherously betrayed the negroes. Of course, the negroes will all be turned out, and this will drive thousands of them into the Democratic ranks. They say, and very justly, that if they are to have no political favor, if the white men they elect to office are to betray them, it is much better to support the Democrats, who have dealt openly and honestly, never disguising their opposition to negro suffrage as well as to office holding. At present there are numerous threats of violence, but I doubt if they will come to anything."

The Editors of the Augusta *Chronicle*, in a telegram to the Wilmington *Star*, say:

"Under the Constitution of Georgia, recently formed, negroes are not eligible to office. It makes no provision for them and consequently they are not entitled to hold seats in the Legislature."

If this be correct, the action of the Legislature may have been strictly legal, but the question should have been mooted and acted upon at the opening of the session.

We insist upon good faith and justice to the colored population. Democrats and Conservatives will not deceive them. They will make no *pledges* to them, which they will not perform. But the General Assembly of the State of Georgia seems to have acted in accordance with the *Radical* Constitution of the State.

The *Daily Enquirer*, of Columbus, has the following statements, which are to the point:

"It is well for the freedmen to be informed that the proposition, now pending in the Georgia Legislature, to expel the colored members as ineligible, has nothing to do either with the question of the right of negroes to *vote*, or the *propriety* or *expediency* of permitting them to hold office. The question is, simply, whether the Constitution adopted at Atlanta last spring *gives them the right* to hold office. If it confers upon them this right, no Democrat will seek to deprive them of it while that Constitution is the prevailing fundamental law of the State. If it does *not* confer on them the right to hold office, both the Democratic and Radical members of the Legislature are bound by *their oaths* to support the Constitution to vote for the expulsion of the negro members. The question ought not to be, and probably will not be, made one of *party*. It is purely a question of *law*.

Nothing is easier than the task of showing that the Atlanta Constitution does not confer on negroes the right to hold office.—Not only is this apparent from the lack of any section giving them this right, but it is brought prominently to view by the proceedings of the Convention, which show that such a section was offered and defeated. The draft of the Constitution, as originally reported from the Committee, contained this section in the Article on Elections:

"*Sec.* 10. All qualified electors, and none others, shall be eligible to any office in this State, unless disqualified by the Constitution of this State, or by the Constitution of the United States."

This article, as reported, clearly conferred upon negroes the right to hold office, and had it been adopted, there would have been no question raised about it. But it was not adopted. A motion was made to strike it out, which was carried by a vote of 126 yeas to 12 nays—the yeas including nearly every white Radical in the Convention! The man who made the motion to strike out the section was John Harris, of Newton, at present a Radical candidate for Congress in his District. Ashburn and Mauli, the two white delegates from Muscogee, voted to strike it out. Even Adkins, the ranting Radical who has made such a hyperitical and furious speech against expelling the negro members, voted to strike out the section in the Constitution that alone gave them the right to be members!

It will thus be seen that the white Radicals of the Atlanta Convention failed and refused to confer on negroes the right to hold office. Why? Because they wanted to go before the white people of Upper Georgia (whose votes they expected to catch by the "Relief" humbug) with the declaration that the cry of "negro supremacy" was all a Democratic trick, and that they (the Radicals) had guarded against it by refusing to confer on negroes the right to hold office. Accordingly we find that Ex-Gov. Brown proclaimed this fact in the first speech of his North Georgia campaign, made at Marietta. They succeeded in duping a number of the upper Georgia counties into the election of Radical members of the Legislature, and now these Radical members find that they have to stand up to the Constitution as it is, and to the understanding upon which they were elected.—"That's what's the matter."

A LETTER from Coosa county, Alabama, to the Montgomery *Mail*, says:

"A great revolution has taken place in the Radical ranks up here. Thos. Lambert, State Senator; James Vansandt, Representative; Thomas H. Fargarson, Probate Judge; Geo. W. Richardson, Solicitor; Jno. A. Filbert, Circuit Clerk; W. C. Lackey, Sheriff; A. W. Brayer, the old He Radical of this section; John Walker, W. L. Roberts, W. W. Richardson, Elijah Sellers, George Varner, &c., &c., have declared for Seymour and Blair! Almost every negro in Coosa is for Seymour and Blair! Grant won't receive a dozen votes in this county.

Judge Fargarson has received a letter from W. E. Dennis, of Wetumpka, announcing that himself, the Bulgers, W. G. Delony, Solicitor, and many other prominent Radicals of that county, are out for Seymour and Blair.

Judge Pelham, of Talladega, is out making speeches for Seymour and Blair."

GEN. J. B. GORDON, of Georgia, will address the people of Mecklenburg, at Charlotte, to-day.

For the Sentinel.

RADICALISM IN DAVIDSON—ARMED NEGROES—"LET US HAVE PEACE"—WINDY BILLY & CO.—"COLUMBUS AND PLYMOUTH ROCK."

LEXINGTON, N. C., Sept. 4, 1868.

MESSRS. PELL AND GALES:—Of all the outrages committed by the Radicals against society, against decency, we, of Lexington, and of Davidson County, have seen the worst specimen. At the command of Windy Billy, of mule flesh notoriety, there was gathered together the most pitiful and God-forsaken looking set of negroes, that ever lived on this green earth, and of all the disgraceful scenes that ever was enacted in a civilized community, the grossest was perpetrated here on yesterday. It was a scene that beggars description, and which it makes a man's heart sicken within him to witness. But, be it said to the credit of Davidson County, there were no whites in this semi barbarous war dance with the negroes, but, on the contrary, they are cutting themselves loose from the thongs that Windy Billy has bound around them, and declare that, for all time to come, they intend to think and act for themselves, and not to be bound up by an oath to endorse measures that are disgracing themselves, their families and their country.

Early on yesterday (Thursday) morning, could be seen negroes, *with shoulder straps on*, (from a Captain's down to a Lieutenant's,) passing hurriedly up and down the streets, WITH LARGE CAVALRY SABRES buckled around them and clanking on the sidewalks as they passed. About eleven o'clock, Billy Windy made his appearance, and on every negro he met he fastened a Grant and Colfax Badge, until the whole supply in the town was exhausted. This incensed him very much and he gave loud orders for the merchants here to order hundreds more of those necessary appendages for the loyal people of Davidson, as *he* had the money to pay for them, (no doubt the people's money has been sent him to spend in this campaign.)

Immediately after this commenced the grand procession, as they called it. It consisted of one buggy and two horses, in which was seated one of the meanest negroes in the town carrying the flag; next came a farm-waggon with one mule in it, (not the one Windy Billy stole,) and three poor old horses. In this vehicle was seated the Band—three fiddles, one old drum and several iron triangles, all of which discoursed *such* music. The one hundred negroes, who came in the rear, hallooed and yelled like so many demons turned loose. After this pleasant amusement they adjourned to the public square, where they were entertained by speeches from the following named persons, viz: W. F. Henderson, Henderson Adams, State Auditor, (the man that wanted to hang old Fritts, because he was not for secession in 1861,) J. T. Brown, (you dont know him and you need not want to,) a negro, by the name of Calvin Taylor, and last, and meanest of all, one John W. Thomas, the man who now stands convicted before the people of perjury. God help the country, if we have to look to such men for instruction! I did not pretend to follow them in their speeches, as it was more than my nature would bear.

After these men had relieved themselves of their scum and filth, (I omitted, by the way, to mention above that the Rev. Mr. Long, the Senator of the negroes from Davidson county,—the man who wants to arm the negroes against their former masters—the man who advises negroes to steal from the man who have been kind enough to employ them—was here, and spoke or *preached*, I don't know which,) a kind Providence sent us a shower of rain that the atmosphere might be purified and the health of the people preserved, and well did the good people of Lexington appreciate the intervention. But not to be outdone in this way, (as Windy Billy says there is nothing between heaven and hell that can prevent them electing Grant and Colfax,) they made a furious attack on the bar rooms—Windy Billy leading the way—and soon their drunken yells resounded through our quiet village, to the terror of women and children. During the hardest part of the rain, Billy Windy had his buggy brought out and got in it with a negro, and, with a large flag unfurled, drove up and down the streets at a furious rate—the negroes and himself yelling like demons.—At this the negroes were much amused and cheer after cheer went up from this drunken crew. At this time it was very near dark and a good many of the negroes declared that they must go home, as they had to work, but he managed to persuade about twenty five or thirty to have a torch light procession and a general swing around dance to conclude with.

I would like to tell you something about this torch-light procession, but I feel myself unequal to the task. Suffice it to say that, while they were preparing torches in front of his dwelling house, he was up speaking, (or whiskey was,) and of all the blasphemous, ranting, disgraceful scenes that ever was witnessed, we had it! He declared that every man that was not for Grant and Colfax was against his God, his country and liberty, and that there was no power between heaven and hell to prevent the Radicals from succeeding and ruling this country; and, further, that they would compel the people to respect, love and obey the carpet-baggers; that he was going to Congress from this District, and he repeatedly said he was going to ride there on a mule and hitch him to the Capitol, and, instead of forty acres of land, he was determined they should have sixty, and that he would introduce such a bill and call upon the Republicans North to sustain him in it. (He did not say anything about the *mule* that I suppose he intends to supply.) At different times during the day he distributed money to them, (the people's money—the white tax payer's money.) To one negro he gave a five dollar bill to go and get some change, and, true to the teaching and example set him, he never returned. No difference. He called the negro's attention to the white people's great cry about taxation. He said that don't make any difference to you colored men and poor white men—you don't have it to pay—lay it on—force the land owner to sacrifice his land—then you can buy a homestead. This is what he and other Radicals are teaching the negroes to expect, to say nothing of their advising them to steal and burn. He further told the negroes that if the white men turned them off, that they would send them to the poor house or somewhere, and tax the white people to support them, and a great many other things that it is impossible for me to recollect. He made a great mistake in some of his remarks and said that "*we sure as Columbus landed at Plymouth Rock*, so sure would they carry the next election."

But I am done. I could not sit still and see such scenes as were here enacted on the 3rd, without letting you know it. The day passed off without any difficulty and God send I may never witness another such.—The good people of Davidson are at work and are organizing Seymour and Blair Clubs all over the county. They are going to have a grand mass meeting in the town of Lexington on the 6th of October, and on the 3rd of November we will astonish Windy Billy by carrying the county for Seymour and Blair and depriving him of the pleasure of his mule ride to Washington City.

AWAKE.

THE EXCELSIOR OINTMENT.

THIS OINTMENT IS PREPARED BY A Lady who has had much experience, as well as observation, in the sick room.

The ingredients are simple, and such as nature has furnished readily, to our hand.

It has been used by a good number of persons, and has proven in every instance a success in the cure of

PILES AND VARIOUS ERUPTIONS OF THE SKIN.

At the suggestion and solicitation of friends, it is given to the public in the hope of alleviating human sufferings. Those who are afflicted are earnestly invited to give it a trial.

DIRECTIONS.—Bathe the affected parts freely in cold water, and apply the ointment twice or thrice each day, until a cure is effected after which, should there be any indication of a return, repeat

CENTRAL SEYMOUR AND BLAIR CLUB.

There will be a meeting of the Club at the Court House, this (Tuesday) evening, at 8 o'clock.

The Hon. A. S. MERRIMON has kindly consented to address the Club.

Let there be a full rally of the Seymour and Blair men of Raleigh.

SEYMOUR AND BLAIR MUSIC.—Mr. W. H. Vaughan has organized a drum corps for the Seymour and Blair Club,—the money for the purchase of the instruments having been raised by subscription. Every body knows that Vaughan is A. No. 1, in everything that pertains to music. He will be on hand at the meeting to-night. Listen for the music!

MARYLAND AGRICULTURAL COLLEGE.—We desire again to call attention to the announcement of this Institution, and to say that it presents, in our judgment, eminent advantages for a thorough practical, as well as unsurpassed facilities for scholarly, education. We have on hand an article setting forth its high claims, which we will take pleasure in publishing.

The papers, into which the advertisement is directed to be copied, will confer a favor by calling editorial attention to it.

READ the noble letter of Gen. Lee on our first page. Every word that he utters is true and will be endorsed as such by all our people, whose endorsement is worth having.

DEATH OF HON. THOS. H. SEYMOUR.—Ex-Gov. Seymour, of Connecticut, died at his residence in Hartford, on Thursday last, of typhoid fever, in the 61st year of his age.—He was one of the best, truest men in this country, and the South may well mourn over his grave. His hand was never raised against her. He was a *National* statesman and an ardent patriot.

WAKE MOVING!—We are informed that the Democratic and Conservative Mass Meeting and Barbecue at Ellington's Mills, on Saturday, was attended by about 500 people, including a number of ladies. Ample and bountiful provisions had been prepared for the occasion, and everything passed off most pleasantly. The gallant and true men of the Swift Creek Club, 100 in number and mounted, went up with banners and badges, and added greatly to the interest and enthusiasm of the occasion. The people were addressed, at length and with great power and eloquence, by Colonel Ed. Graham Haywood, who was followed by M. A. Bledsoe, Esq., in one of his most able, effective and telling speeches. We shall be pleased if some friend will send us the particulars of this imposing occasion.

On the same day, the people of Dunnsville precinct were addressed, with great force, by the Hon. Sion H. Rogers, and also, in a capital speech, by J. H. Fleming, Esq.

In the Southeastern part of the county, bordering on Johnston, Col. Geo. H. Faribault addressed a goodly assemblage of citizens, with fine effect.

YOUNG MR. DOUGLAS, a son of Senator Douglas, and Aide to "Gov." Holden, recently made a Grant and Colfax speech to a negro meeting in this city,—his maiden effort. His distinguished Father once said: "This is a white man's government, made by white men for white men and their posterity forever."

"KURNELS OF MELISH."—The Roanoke *News*, speaking of Holden's appointment of one L. P. Larkins as Militia Colonel for Halifax, says: "His persistent cowardice well qualifies him to fill the position awarded him."

The Wilmington *Journal* says that it is rumored that "Gov." Holden has given the appointment of Colonel for New Hanover to A. H. Galloway, negro, and of Lieut. Colonel to G. M. Arnold, negro. If this report be correct, it must look to the formation of a *colored regiment*.

DEMOCRATIC BARBECUE IN EDGECOMBE.—It is contemplated by the Democrats of Edgecombe to have a grand Mass Meeting and Barbecue at Tarborough, about the last of September, which shall surpass anything of the kind ever before gotten up in the County.

A great feature of the meeting will be a torch light procession at night, composed of all the Democratic Clubs, both white and colored, of Edgecombe and other counties, who may be in attendance, during which ample opportunity will be given the public to hear able speeches from the most distinguished sons of North Carolina.

A monster Flag, bearing the names of Seymour and Blair, the Democratic Nominees, will be furled to the breeze, and other imposing ceremonies introduced.

YOUNG MEN'S CLUB.

The Young Men's Seymour and Blair Club had a business meeting at the Court House on Saturday night,—J. C. Marcom, 1st. Vice President, in the Chair.

The following resolution was adopted:

Resolved, That the President appoint a Committee of two to solicit contributions, for the purpose of purchasing a Seymour and Blair Banner, for the use of the Club.

The following gentlemen compose the Committee, viz: Messrs. A. D. Royster and G. B. Moore.

On motion of Mr. Separks, the President was requested to appoint a Committee of three, in each of the Wards of the city, whose business it shall be to organize Ward Clubs,—said Clubs to be Branch Clubs of this, "the Central Club."

Western Ward.—J. H. Separks, P. C. Fleming and W. E. Pell, Jr.

Middle Ward.—Douglas Bell, R. C. Badger and A. N. McKimmon.

Eastern Ward.—A. S. Bryan, Thos. G. Jenkins and Washington Overby.

On motion, Tuesday night was fixed as the time for the regular meeting of this Club.

On motion, a Committee of one from each Ward was appointed to solicit contributions for the purpose of raising a Seymour and Blair Pole, and for general purposes, to be styled "a Finance Committee." *Committee*: Douglas Bell, Geo. B. Moore, J. J. Litchford.

A Committee of Arrangements, consisting of twelve, was appointed, for the purpose of taking the necessary steps towards raising the Pole, selecting speakers, &c. *Committee*: D. L. Royster, L. W. Peck, W. C. Parker, J. B. Jordan, Douglas Bell, J. M. Blair, A. N. McKimmon, J. C. Palmer, Robt. Dobbin, Theo. H. Hill, J. H. Separks and J. V. Wilson.

On motion, the Club then adjourned.

The Club has pursued the proper course in providing for the organization of Ward Clubs. Let every Seymour and Blair man in the city, and vicinity, at once enroll his name on one or the other lists, and let there be frequent Ward meetings, with an occasional "Central" demonstration.

We have no doubt that the patriotic ladies of the city will provide and present to the Clubs a suitable flag to float from the pole proposed to be erected. The organization for the city promises to be compact and complete. Push on the ball, true men of Raleigh!

The Eastern Ward Seymour and Blair Club was organized, last night, by the election of W. D. Haywood, Esq., as President; also the Western Ward Club, by the election of J. H. Separks, as President.

Full proceedings of both meetings will appear to-morrow.

SEVENTH CONGRESSIONAL DISTRICT.

Plato Durham, Esq., the Democratic and Conservative candidate for Congress in this District, and Col. L. M. McAfee, the candidate for Elector, will address the people at the following times and places, viz:

Rutherfordton	Monday,	Sept.	21.
Marion	Wednesday,	"	23.
Bakersville	Thursday,	"	24.
Boone	Saturday,	"	26.
Jefferson	Monday,	"	28.
Gap Civil	Wednesday,	"	30.
Lenoir	Friday,	Oct.	2.
Morganton	Saturday,	"	3.

Other appointments will be announced hereafter.

HERE is the way they do up the Ku Klux part of the proceedings in the "Loil League" meetings hereabouts. The object is, by a weird and super natural exhibition, to work upon the superstition of the ignorant Africans. The whole things smells of Fetichism:

"The Fire of Liberty is kindled in the censer by dissolving one pound of gum myrrh in half a gallon of alchohol. Saturate a sponge with a small portion of this liquid, place the sponge in an iron vessel and set it on fire. A little chloride of strontia, in the proportion of one to eight of the above solution, sprinkled on the sponge, changes the flame to a beautiful red. These are to be found at most druggists, or if these cannot be obtained a taper or candle may be substituted."

WELCOME VISITORS.—A number of gentleman from Hagerstown, Maryland, have arrived in Richmond, on the look out for lands, on which to settle laborers. The delegation is headed by Mr. Dechett, Editor of the Hagerstown *Mail*, who has travelled extensively in this State and Virginia, during the last few months. The party will separate in Richmond,—a portion of them coming to this State, where, we are sure, they will meet a hearty welcome.

NEW YORK MERCHANTS.—We invite the attention of our Merchants and people to the note from our friends, E. J. Hale & Sons, of New York, which will be found in another column. It disposes of the malicious statement that the New York Merchants had entered into a combination to sell to the South, the present season, only for cash.

THE TARBORO *Southerner* is brim full of announcements of Seymour and Blair movements in Edgecombe and adjoining counties. The people were never more aroused. The *Southerner*, by the way, is doing excellent service in the good cause.

THE FAYETTEVILLE *Eagle* publishes a glowing programme for the Mass Democratic and Conservative Convention, which assembles in that town on Wednesday. A glorious time is anticipated.

THE GOLDSBORO *Rough Notes* says that ten companies *of negro soldiers* are now concentrated at Goldsboro. Why this extraordinary movement?

MESSRS. TOLAR, POWERS and WATKINS, on their way home, were received with cordial demonstrations of popular sympathy in Goldsboro' and Wilmington.

THE CONSERVATIVES and Democrats of Carteret recommend Henry R. Bryan, Esq., of Newbern, as their choice for Congress in the Second District.

For the Sentinel.

JUDGE PEARSON'S LETTER.

Messrs. Editors:—Seeing in the *Standard* daily laudations of Judge Pearson's letter, as a trump card of the Albino party, I got the letter to day and read it.

It is a trump card. Did any body ever see such a "mixtery," except in a mince pie or a chicken's gizzard? I specially invite every man in the State to take the document and read it. Read it and study it well, fellow-men.

The whole letter can be boiled down into one sentence: We must tolerate a set of rascals in power, who will bring on war, if we put honest men in their places. That is the simple proposition which Judge Pearson quits his retirement to inculcate on freemen. Judge Pearson does not support Grant and Colfax, of choice. On the contrary, he plainly intimates that honest men ought to give way and let villainy abound for a few years, and then things will take a turn, and "all will be well!" Did you ever?

The simple question which scatters Judge Pearson's partisan effusion is this: *Is Judge Pearson, and are the scallawags and carpet-baggers, whose cause he espouses, willing to let a majority of the American people rule?* I do not think they are. For he says, and they echo the cry, that *there will be a war if a majority of the American people vote Seymour and Blair into office.* Pray who will begin this war? No one can begin it, but Judge Pearson's party.

But Judge Pearson gloats over the fact that he and his party have 20,000 majority in this State. If so, what on earth does he write his letter for? Let any man having the brains of a chicken think a moment, and he will see no use in the letter as a preventive of war.

But Judge Pearson is well aware that not less than 15,000 men are allowed to vote in the next election, who were not allowed to do so in the last. He knows that nearly all these are for Seymour and Blair. He knows, too, that 30,000 men will vote in the next election for Seymour and Blair, who, of choice, stayed from the polls before. He fears that 20,000 majority will be found the other way. *Hinc illae lachrymae.*

Judge Pearson, I think, exhibits one fact in his letter. And that is, that while running along with the niggers in politics, he is sorry for the loss of the niggers from his plantation. Read his letter and see if it does not so strike you.

ROANOKE.

SEYMOUR AND BLAIR IN BERTIE.

The Conservative citizens of Bertie convened, on Saturday, 29th of August, 1868, at Coleraine, for the purpose of organizing a Seymour and Blair Club, and promoting the interest of the Conservative ticket.

On motion of Col. S. B. Spruill, Mr. J. H. Etheridge was appointed temporary Chairman of the meeting. A Committee was chosen to frame a Constitution, draft resolutions and select suitable men for the officers of the Club.

During the interval occupied by the Committee, the audience was entertained by Col. S. B. Spruill, who announced the great good emanating from similar organizations all over the State, revealed the inconsistency of the Radical platform, and predicted the happy results of a Conservative triumph.

On return of the Committee, the following named men were announced and elected officers of the Club: Wm. P. Shaw, President; John Wilson, L. L. Foster, Jos. J. Perry, Vice Presidents; J. H. White, Recording Secretary; P. H. Sessoms, Corresponding Secretary; J. H. Hardy, Treasurer; J. H. Etheridge, J. Mizell, J. Wm. Perry, S. J. Perry and John W. Perry, Directors. The Constitution was then read and adopted. A draft of resolutions was next presented, setting forth the consistency of the Conservative platform and requiring each member of the Club to faithfully advocate the cause of Seymour and Blair.

On motion the meeting adjourned and repaired to the grove in the village, where a large concourse of people assembled. The remainder of the day was occupied by Dr. P. T. Henry and Hon. W. N. Smith, who addressed the attentive throng. The foul intentions and base purposes of the Radical party were exposed. The abominable crimes perpetrated, and the inconsistent and detrimental course pursued, by that party, for years, were properly and ably denounced. The happy results attendant upon the election of Seymour and Blair, and the high probability of that election, were proclaimed to the people in a hopeful and cheerful spirit.

During the day the lists of the Seymour and Blair Clubs were swelled considerably, receiving upwards of a hundred additional names.

A CITIZEN.

For the Sentinel.

NEW YORK, Sept. 2, 1868.

Editors of the Raleigh Sentinel:

GENTLEMEN—We have been requested by some of our Southern friends, engaged in trade in this city, to address a line to you in regard to a story which originated in the Brooklyn *Union*, a Radical paper, stating, in substance, that at a meeting of leading merchants in this city, it was resolved that no more goods should be sold, on credit, to Southern merchants. The statement derived credibility from the fact that the *Union* is said to be owned, in whole or in part, by S. B. Chittenden, the head of a leading Dry Goods House, (and a strong Radical.) But Mr. Chittenden publishes a note in this morning's *Journal of Commerce*, declaring his ignorance of and dissent in any such meeting or resolution. The *Journal*, itself, has taken pains to make extensive inquiries, and has found no House which knows or approves of such a meeting or resolution. The *Times*, (Radical,) also repudiates the story.

We think we may, therefore, with perfect confidence, state that no Southern merchant, who has heretofore had credit in this city, and who continues to deserve it, will be refused by those who do a credit business at all. Indeed, the whole story is rendered ridiculous by the fact, which is within our own knowledge, that a number of North Carolina and other Southern merchants are now in this city, buying upon their usual terms. VERMONT—THE DEMOCRATIC INCREASE—THE JACOBIN MAJORITY DECREASED ONE-SIXTH SINCE 1864—THIRTY-SEVEN MEMBERS OF THE LEGISLATURE DEMOCRATIC—AN INCREASE OF ONE HALF.

MONTPELIER, Sept. 5. M.

The Jacobins are boasting lower in this State. They now claim only 25,000 majority, which is one sixth less than their majority in 1864. The Democratic increase was much the largest this year, reckoning the per cent., and this after the Radicals had made every possible effort to prevent it. The leading Republican paper in the State this morning concedes us thirty-seven members of the Legislature, which is one-half more than we had last year.

ATROCIOUS RADICAL MURDER.

WILMINGTON, Sept. 7, M.

On Saturday night, at Clinton, in Sampson county, a negro man, formerly a member of the League, but who recently abandoned that organization and joined the Democratic Club, was called out of the door of his house and shot through his heart. The matter has created a great deal of feeling. The whites, generally, think that the Republican party is determined to bring on a collision. Heretofore there has been no Ku Klux Klan, or other secret Democratic organization in this State, but it is now understood and believed that energetic efforts will be made to organize some secret order, as a matter of self-defence. There can be no doubt of one thing, that a great majority of the people here long after peace. It is all they ask, all they want, but the coolest and most liberal minds here seem to arrive at the conclusion that the immediate future is fraught with most momentous issues. It is the sentiment of the practical thinking men here that prominent Northern men of Conservative views, like Millard Fillmore, should address the people.

FROM ATLANTA—THE LEGISLATURE.

ATLANTA, Sept. 7, P. M.

A resolution was offered, declaring Senators Campbell and Wallace not eligible to seats, they being negroes, and not eligible under the Constitution of the State and of the United States.

Higbee insisted that it took a two-thirds vote to bring it up. The Chair decided that a two-thirds vote was necessary. Holcombe said that it was the most extraordinary decision ever made by a Legislative body and appealed from the decision of the Chair.

The appeal was sustained by a vote of 24 to 8, and the resolution was made the special order for Friday next.

The House, by a vote of 69 to 42, passed a resolution to elect a Board of Commissioners and to appoint officers of the State roads.

UNIVERSAL LIFE INSURANCE COMPANY,

NO EXTRA CHARGE FOR FEMALE RISKS. LOSSES PAID IN THIRTY DAYS.

No Restrictions on Travel or Residence

OF NEW YORK.

Office, No. 69, Liberty Street.

The Original Joint Stock Life Insurance Company in the United States.

The Business of this Company is exclusively confined to the Insurance of First Class, healthy lives.

The Distinctive Feature

Of the STOCK system of Life Insurance, as opposed to the Mutual, is a low rate of premium, for stated sums insured, which is **immediate, sure and certain**, in lieu of a high rate of premium and *promised* dividend, which is distant, contingent and uncertain—this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance.

☞ The premiums charged by the "UNIVERSAL" are nearly one-third lower than those charged by the Mutual Companies.

The "UNIVERSAL" desires to call the particular attention of Agents and others to the new "Return Premium Table," which has been prepared by the Actuary of the Company. It will be noticed that these Rates average less than the ordinary rates charged by Mutuals. The inducements offered by this table are equal to a reversionary dividend of one hundred per cent. of all premiums paid.

Rates to Secure $1,000 at Death, with a Return of all Premiums paid.

AGE.	Ordinary Life Rate.	Ten Payments Rate.	AGE.	Ordinary Life Rate.	Ten Payments Rate.

Example.—A man aged 30 insures his life for $1,000, and pays 43.10 per annum on the 10 payment plan, and dies after having paid five annual payments, or $215.50, his policy will be good for $1,215.50.

ÆTNA LIFE INSURANCE COMPANY,

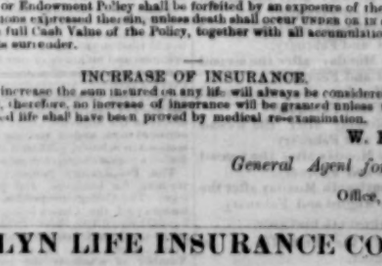
ASSETS, $10,000,000.



DIVIDEND, Fifty per Cent.

$130 to pay every 100 of Liabilities.

57,000 Members, and constantly increasing.

DESCRIPTION OF POLICIES.

First.—Whole Life Policies.

Second.—Endowment Policies, for terms of ten, fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term; or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the published rates, will participate in the surplus from the date of issue.

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made, the dividends will always be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount* without further payments, the assured may at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a percentage of said sum, and *paid in cash*, and upon surrender of said Policy the sum insured thereby, will be paid in *full*, without regard to the time fixed therein for its payment.

This system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON FORFEITURE RULES.

No Whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payments, as stipulated therein but will continue in force for the full amount which the Cash Value and dividends then accumulated, will purchase—taken as a single net premium upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

No Whole Life or Endowment Policy shall be forfeited by an exposure of the assured life in violation of the conditions expressed therein, unless death shall occur UNDER OR IN CONSEQUENCE of such exposure, when the full Cash Value of the Policy, together with all accumulations from dividends, will be paid upon its surrender.

INCREASE OF INSURANCE.

Applications to increase the sum insured on any life will always be considered as applications for new insurance and, therefore, no increase of insurance will be granted unless the unimpaired condition of the assured life shall have been proved by medical re-examination.

The PREPARATORY, September 9th; the COLLEGIATE, September 23rd; the 2nd COLLEGIATE, October 7th; the LAW, October 14th; and the MEDICAL October 19th.

This College was organized with a reference to the oft urged suggestion of WASHINGTON, that a University, as the Federal Metropolis, would tend to the assimilation of the principles, opinions and manners of our countrymen, by the common education of a portion of the youth from every quarter." Its graduates have verified the expectations of Madison and Monroe, that the facilities of hearing debates in Congress, arguments in the Supreme Court and Lectures from eminent men, and of visiting Libraries and Collections in Science, gathered at this centre, would foster a comprehensive mental development.

The Preparatory School gives a thorough training for business, and preparation for college. The College proper has eight efficient Professors; all the Chairs being filled. The Theological School has three Professors and Lecturers; the Law School four, and the Medical ten. The expenses are as low as at other Colleges. Number of students the past year, 454. VEGETABLE PILE OINTMENT.

TO THE PUBLIC.

FOR 25 Years I was sorely afflicted with the Piles. After trying every remedy I could hear of, and failing to receive any benefit, in 1857, I discovered a remedy, purely vegetable, which effected an entire cure, and I have had no return of it.

Anxious to relieve the afflicted and to promote my own benefit, I made public my discovery and had the gratification to know that my remedy cured a large number of persons. My statement was advertised to the public prints and I met with great success, until the war came on.

By the advice of friends, I have determined again to manufacture the OINTMENT and offer it for sale. Any number of certificates of its value could be obtained if necessary.

Price of box $2, and postage (fifteen cents.) As soon as I can make arrangements, I will put it in the hands of the druggists of the State.

THE NATIONAL DEMOCRATIC CONVENTION!

THE PLATFORM.

"The Democratic party, in national convention assembled, reposing its trust in the intelligence, patriotism, and discriminating justice of the people, standing upon the Constitution as the foundation and limitation of the powers of the Government, and the guaranty of the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled, for all time to come, by the war or the voluntary action of the Southern States in constitutional conventions assembled, and never to be renewed or reagitated, do, with the return of peace, demand:

First.—Immediate restoration of all the States to their rights in the Union, under the Constitution, and of civil government to the American people.

Second.—Amnesty for all past political offences, and the regulation of the elective franchise in the States by their citizens.

Third.—Payment of the public debt of the United States as rapidly as practicable; all moneys drawn from the people by taxation, except so much as is requisite for the necessities of the Government, economically administered, being honestly applied to such payment, and where the obligations of the Government do not expressly state upon their face, or the law under which they were issued does not provide that they shall be paid in coin, they ought, in right and in justice, to be paid in the lawful money of the United States.

Fourth.—Equal taxation of every species of property according to its real value, including Government bonds and other public securities.

Fifth.—One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the bondholder.

Sixth.—Economy in the administration of the Government; the reduction of the standing army and navy; the abolition of the Freedmen's Bureau (great cheering) and all political instrumentalities designed to secure negro supremacy; simplification of the system and discontinuance of inquisitorial modes of assessing and collecting internal revenue, so that the burden of taxation may be equalized and lessened, the credit of the Government and the currency made good; the repeal of all enactments for enrolling the State militia into national forces in time of peace; and a tariff for revenue upon foreign imports, and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures, and as will, without impairing the revenue, impose the less burden upon and best promote and encourage the great industrial interests of the country.

Seventh.—Reform of abuses in the Administration, the expulsion of corrupt men from office, the abrogation of useless offices, the restoration of rightful authority to and the independence of the executive and judicial departments of the Government, the subordination of the military to the civil power, to the end that the usurpations of Congress and the despotism of the sword may cease.

Eighth.—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign Powers, and furnish an example and encouragement to people struggling for national integrity, constitutional liberty, and individual rights; and the maintenance of the rights of naturalized citizens against the absolute doctrine of immutable allegiance and the claims of foreign Powers to punish them for alleged crime committed beyond their jurisdiction.

In demanding these measures and reforms we arraign the Radical party for its disregard of right, and the unparalleled oppression and tyranny which have marked its career. After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge, under which alone was rallied that noble volunteer army which carried our flag to victory.

Instead of restoring the Union, it has, so far as is in its power, dissolved it, and subjected ten States, in time of profound peace, to military despotism and negro supremacy.

It has nullified there the right of trial by jury; it has abolished the *habeas corpus*, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret star chamber inquisitions for the constitutional tribunals; it has disregarded in time of peace the right of the people to be free from searches and seizures; it has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters without any specific charge or notice of affidavit, as required by the organic law; it has converted the American capitol into a bastile; it has established a system of spies and official espionage to which no constitutional monarchy of Europe would dare to resort; it has abolished the right of appeal on important constitutional questions to the supreme judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subjected to the most atrocious calumnies merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President. Its corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created by the war. It has stripped the President of his constitutional power of appointment even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet, as a subject people, conquered people, amid the ruins of liberty and the scattered fragments of the Constitution; and we do declare and resolve that ever since the people of the United States threw off all subjection to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated, and controlled exclusively by the political power of each State respectively, and that any attempt by Congress, on any pretext whatever, to deprive any State of this right, or to interfere with its exercise, is a flagrant usurpation of power which can find no warrant in the Constitution; and it sanctioned by the people will subvert our form of government, and can only end in a single centralized and consolidated Government, in which the separate existence of the States will be entirely absorbed, and an unqualified despotism be established in place of a federal union of co equal States; and that we regard the reconstruction acts (so called) of Congress as usurpations, and unconstitutional, revolutionary, and void; that our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must ever be gratefully remembered, and all the guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely as possible among the people, and should be disposed of either under the pre emption or homestead lands, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the Government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of the sale of such lands, and not the lands themselves, should be so applied.

That the President of the United States, Andrew Johnson, (applause,) in exercising the power of his high office in resisting the aggressions of Congress upon the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and in behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard."

CONSTITUTION AND BY-LAWS FOR CLUBS.

We have received letters from several sources, requesting us to send printed copies of a Constitution and By-Laws for the organization of Seymour and Blair Clubs.—Having none on hand, and no funds to print them, we have prepared the following Constitution and By-Laws, as a guide for clubs, and submit them to the consideration of our friends. They were submitted to the Young Men's meeting to form a Seymour and Blair Club, in this city, on Tuesday night, and unanimously adopted:

CONSTITUTION.

ARTICLE 1st. This Association shall be styled the ——— Club of ——— of North Carolina.

ART. 2. The objects of this Association are as follows: To unite in close political compact every Democrat, Conservative, or by whatever name known, in North Carolina, for the support and defence of the Constitution of the United States; the enforcement of law and order by legitimate means; and the utter destruction of Radicalism every where, by the election of HORATIO SEYMOUR, of New York, as President, and FRANCIS P. BLAIR, of Missouri, as Vice President, and all other Democratic and Conservative nominees for any office; and, further, to promote the mutual benefit and protection of each other in all lawful pursuits, aiding each other in business, as being members of one great political family, seeking to promote each other's welfare, and especially to extend such aid to those who have been or may be ignored or proscribed by the Radical party, as the Association may be able.

ART. 3. The officers of this Club shall consist of a President, three Vice Presidents, a Recording Secretary, a Corresponding Secretary and a Treasurer, who shall perform the duties usual to such offices, and who, together with Five Directors, shall be elected annually at the annual meeting of the Association, and shall constitute an Executive Board, to whom shall be committed the interests of the Club.

ART. 4. This Constitution, and such By-Laws or Regulations as the Club may adopt, may be altered, amended or changed at any public meeting of the Club by a vote of two-thirds of the members present.

SUBSCRIPTION.

We, whose names are hereto annexed, do solemnly pledge our word and sacred honor, constantly and faithfully to promote the objects and aims of this Club as set forth in the foregoing Constitution, and do hold ourselves ready to defend the same, and to protect, to the extent of our ability, every member of this Association throughout the State.

BY-LAWS AND REGULATIONS.

1. Every member of this Club shall sign and subscribe the Constitution, in order to recognition.

2. All monied contributions to the objects of the Association shall be voluntary, and shall be held by the Treasurer, who shall keep an exact account and disburse the same only on the order of the Executive Board, to whom he shall submit his accounts when ordered.

3. The Club shall order its public meetings when and where it chooses, and the President may call meetings when desirable, but the Executive Board, or such of its members as may be designated, shall select speakers and make all necessary arrangements.

4. Each member of the Executive Board is hereby appointed a Committee to solicit names for membership, also monied donations for the objects of the Club, and to attend to the general interests of the Club, such as directing the correspondence, procuring and circulating documents, &c.

5. The Executive Board shall meet to transact the private business of the Club as often as it may order, (and the officers of the Club shall be *ex-officio* officers of the Board;) when the names of members shall be presented for registration or dismissal for good cause, to consider the financial business of the Club, and such other private matters as may be necessary. All members of the Club may attend the private meetings of the Board when convenient, and may give counsel, but the business of the Board will be determined by the vote of the Board itself.

6. Any member of the Club intending to move to any other section, may obtain a certificate of his membership in this Club, if he desire it, to be signed by the President and Secretary.

7. The Executive Board of each Club will give special attention to all matters of registration, voting, &c., see that all do their duty, and that the law is strictly observed, that all fraud or mal-practice is detected and duly punished.

REMARKS.

1. In South Carolina, Georgia, Mississippi and other Southern States, strong Democratic Clubs are being formed, composed of colored citizens. The Constitution above is so worded that it can be adapted to any place or persons. If Democratic Clubs can be formed entirely of colored persons, perhaps it will be best; but where there are few, the Clubs may decide to enter them on their registers or not, as they may elect.

2. We would suggest that Young Men's Clubs, everywhere, should embrace all young men, from 18 years of age, and upwards. Many old men are faint-hearted, timid, afraid to let people know their political *status*. Take in the young men, who have the pluck, and who may be educated to *love* the Constitution and the country, and who will always vote right, when they be come of age. We need the ardor and boldness of youth, as well as the prudence and wisdom of age. The necessity for this, however, would be obviated, if the young men, under the age of 21, would form Clubs of their own.

3. We insist upon forming Clubs in every Ward, in every precinct and Captain's District in the State, where 25 or 30 members, and as many more as possible, can be obtained. The more the better. The talent and energy of all our people must be brought out. It will not do to let the old men and the old party managers do all the managing and the talking. We *must put every man* in some position to be useful. By having a Club in every Ward and every neighborhood, we can find room for a great many as officers and talkers and working men. We can have our Club meetings out of doors, these pleasant nights, by moonlight or camp fires, and there will be a chance for *every man*, who can make a talk, or a little speech, or a great speech, to do something in that line. Let the Clubs be formed. Bring out all our men to work for the Constitution and the country, and let us save them by the election of Seymour and Blair!
